

TECHNICAL DATA SHEET

GMIP EV 121

Double coated adhesive paper sheets

► DESCRIPTION

GMIP EV 121 - double coated adhesive paper with a uniform layer of rubber based adhesive. Protective liner both sides. Possible application: to maintain templates on composite laminates during the sanding of damaged plies.

GMIP EV 121 is easy to remove after the process without leaving traces on the surface of the laminate. This product is used in various repair processes of parts made of composite materials.

► TECHNICAL DATA
